Richmond Record-Herald

VOLUME XXV—THIRTEENTH YEAR. RICHMOND, CONTRA COSTA COUNTY, CAL.—SATURDAY, APRIL 18, 1914 NUMBER 79.

HEAVY VOTE CAST FOR SCHOOL TRUSTEE TODAY

Much Interest Shown in the Contest for Seat on Board of Education in This City—Six Precincts in the District and up to 4 O'Clock This Afternoon the Vote Was Large—Hayes Seems to Be a Favorite Although One of the Lady Candidates Appears to Be Running a Close Second—Highest Two on the Ballot Will Have to Submit to Decision at Regular Election Next Week.

The voting at the school primary election today, throughout the Richmond school district was exciting and up to the hour of going to press the vote at the different polling places was heavy.

M. A. Hayes seemed to be the most popular and it is said that when the votes are counted this evening that he will be in the lead with one of the lady candidates a close second. The two highest on the ticket will have to submit to an election to be held two weeks hence.

The item published in the morning papers to the effect that the law forbidding the use of automobiles, which was invoked recently at Petaluma would be strictly enforced here was apparently looked upon as a joke for many autos were in evidence all day taking people to and from the polls.

Those who are candidates at the primary election today are James Nicholas Long, Virginia D. Geoghegan, Marmion A. Hayes, Lucetta Wood Dunlap and Mrs. Donald E. Pryde.

The outcome of the contest will be watched with interest.

Tunnel Worker Is Victim of Bad Gas

W. A. Camponi, a tunnel worker was so badly overcome with gas due to a dynamite blast fired at the extreme end of the municipal tunnel at a late hour this afternoon that he had to be removed to the Abbott emergency hospital where it was some time before he regained consciousness.

Superintendent Carrillo stated to a Record-Herald reporter that the blower which is in the tunnel at the present time is not quite large enough to carry the gases to the mouth of the bore but that a new blower of larger size will soon be installed which will practically eliminate all hardship on the part of the men working in the big bore.

Of the five men who have been affected by the nitrons gases, Camponi is regarded by attending physicians to be the worst off, as he had been lying unconscious in the tunnel for some time before found by fellow laborers.

Water Demonstration Draws Many People

Many people attended the demonstration of filtering the water of the Sacramento river today in the Ross building, next to the postoffice.

The water as it comes from the filter is as clear as a crystal and the directors of the Richmond Municipal Water district have generously provided ice so that many stopped on their way and obtained a drink of the fluid that will some day be furnished to the citizens of the community, provided the bonds to provide a water system, are carried at the polls on election day.

It is the desire of the directors of the water district that all who wish take a quantity of the water home with them so that they can drink it and use it for cooking purposes, or wash their clothes in it. This will be the best test as to whether the water is good or not, and should decide in the minds of the people of Richmond whether the bonds should be voted or not.

REFERENDUM ON CITY HALL MOVING TO BE FILED MONDAY

Petition Containing 700 Names Asking That the City Council Submit the Proposition of Moving City Hall to Wall's Addition Be Submitted to a Vote of the People—Legal Question Raised as to Whether Referendum is Proper Method to Circumvent Action of City Council in Ordering Change to be Made—Outcome Will be Watched With Interest.

On next Monday evening a petition containing 700 signatures of electors of this city asking that the city council submit to a vote of the people the proposition of moving the city hall offices from their present location to Wall's addition in accordance with the recent action of the municipal board when it was voted to move the old Standard avenue school building out to Wall's tract and use the same for a municipal building will be presented to the council. The petition was circulated in Richmond during the past two days and it is said that there are more than enough signatures to come within the necessary ten per cent as provided by the city charter of Richmond.

The question has arisen as to whether a referendum vote is the proper method to circumvent the action of the city council in ordering the removal of the city hall. Some of the local legal lights seem to think that the initiative measure of the charter should have been invoked instead of the referendum.

(Continued on Page 4)

STOLEN PURSE IS RETURNED TO OWNER BY MAIL

"He who steals my purse steals trash, etc." This must be evidently true for the wallet stolen from H. C. Jacobsen, the popular proprietor of the Fern Leaf pool hall, on Macdonald avenue, recently was returned to him today through the mail. The letter bore a San Francisco postmark but was not signed.

Jacobsen, while edging his way through a crowd at the Ferry building in San Francisco several days ago suddenly missed his wallet which contained a number of valuable papers, but no money.

WILLIE RITCHIE STILL RETAINS HIS LAURELS

Willie Ritchie showed to the 20,000 fight fans that gathered in Coffroth's arena last evening to witness the Ritchie-Murphy battle that he is still the undefeated lightweight champion of the world when he secured a decision from Murphy at the end of the twentieth round.

The battle was perhaps one of the hardest fought fistic affairs that San Francisco fans have witnessed in some time, as each blow struck by either Ritchie or Murphy had a very telling effect on the opponent.

J. Halloran, formerly road master for the Santa Fe company here, was a visitor in Richmond today. Mr. Halloran is now roadmaster of the Pacific division of the Western Pacific.

GIRLS ENTERTAIN BARACA BOYS AT A MERRY PARTY

The boys of the Baraca class of the Wesley Methodist church were entertained by the Philathia girls of the church at a social party held at the home of Mrs. R. Dickinson, 128 First street, last evening. Those present at the affair were Mary Bentley, Regina Ardery, Mildred Truitt, Edna Inman, Fae Frymire, Rosie Little, Stella Shoemaker, Eva Bowman, Fern Beggs, Jack Lee, Newton McCormick, John Pulse, Lee Hogan, Grover Milnes, Edward Hawkins, Blake Smith and Clarence Church.

"ON TO LAKE TAHOE" IS SCOUTS SLOGAN

A squad of the Boy Scouts of the Wesley Methodist church, under the leadership of Rev. D. W. Calfee, will leave on the morning of June 15th for a camping trip to Lake Tahoe.

Each boy will carry his own camping equipment together with rations enough to last two weeks. The exact number of boys who are to make the trip has not as yet been arranged for.

REV. CALFEE TO PREVENT CRUELTY

NO BULL BAITING AT WALNUT CREEK

Rev. D. W. Calfee, county humane officer, went on record this morning against allowing the people of Walnut Creek to hold a bull baiting and steer roping contest in that town tomorrow. Rev. Calfee was informed of the intention of the Walnut Creek people to hold a wild west carnival through the medium of a press dispatch bearing a Walnut Creek date line. Here is the dispatch:

"WALNUT CREEK, April 17.—It is Buckaroo day on Sunday in Walnut Creek. The local riders and outside vaqueros will revive the times of the range and cattle era of fancy exhibitions in horsemanship, bull roping and other antics that are inspiring and thrilling.

"The Walkers and Eugene Cameron represent the local artists and what they can't do on and with anything that claims to be a horse or steer can't be done.

"The event has attracted a number of the leading riders from other sections and it will be worth seeing. It's free, too. Just gotten us by Dr. H. T. Silver, James L. Acree, the Walkers, Elmer Cameron and Fred and Joseph Lawrence to bring the crowd to the gateway city and have a good time."

Rev. Calfee telephoned to the district attorney's office at Martinez and to Sheriff Veale and it is said that the county officers will enforce the humane laws of the state.

CANDIDATE FOR GOVERNOR HERE

SIDNEY VAN WYCK, JR. ARRIVES

Richmond was honored this morning by a visit of an individual who will probably be the next governor of the state of California. Sidney M. van Wyck, Jr., is the name of the gentleman who entered the Record-Herald office this morning with a broad smile and a pleasing personality as will make votes for him wherever he goes.

Mr. Sidney M. van Wyck, who has announced his candidacy for the highest office within the gift of the people, is a graduate of the University of California, and was born in the City of Oakland. He is a practicing attorney of San Francisco and a staunch Democrat. He is of the opinion that there will be a Democratic landslide in this state next fall and, of course, expects to ride into the gubernatorial chair on the crest of the big wave. He stands for the development of California's resources and expects to make his campaign along these grounds.

STUDENTS HEAR TALK ON FOREST PRESERVATION

The students of the local high school were given a lengthy talk yesterday afternoon by Principal Tucker on "Forest Preservation," the idea of which was to impress on many of the boys the carelessness of throwing away lighted matches while on their camping trip this summer.

The talk was illustrated with a number of stereopticon views showing the vast amount of damage which has been done to our national forests by the carelessness of a vacation camper.

MAY 29 SCHOOLS TO CLOSE FOR SUMMER

All the schools of this city will close on May 29 for the summer vacation which will last for a period of six weeks. The final examinations of grammar schools will be held about the middle of that month. The high school students and grammar school pupils will have to keep up a steady grind as a large amount of work has to be covered before that time.

George McPherson, the well known dealer in Richmond realty, with offices in San Francisco, was a visitor in this city today. Mac says business in his line is picking up and that inquiries about Richmond are becoming more numerous every day.

UNDERTAKERS TO HOLD A MONSTER MEETING SUNDAY

E. B. Smallwood, the well known funeral director of this city will leave tomorrow morning for Stockton, where he will attend the Second Annual convention of San Joaquin Funeral Directors' association.

[illegible] to be present at the convention to present some of the advances made during the past few years in the science of embalming.

YOUNG MATRON IS HOSTESS AT WHIST PARTY

The members of the Popular Whist club of Oakland were entertained last evening at the home of Mr. and Mrs. C. E. Walker at their new home, 144 Fourth street. The entire evening was taken up with whist at the close of which dainty refreshments were served by the hostess. Those present at the party were Mr. and Mrs. Shriber, Mrs. H. Peach, Mr. and Mrs. McGuire, Mr. and Mrs. C. Bullock, Mr. and Mrs. J. P. Bullock, Mrs. Freewicker, Mr. and Mrs. Gardner, Miss Helen Bullock, Walter Bullock, Mrs. Berkholder and H. Jones.

Dr. U. S. Abbott, who has been attending the State Medical Convention at Santa Barbara this week, returned home this morning. Dr. Abbott reports having had a delightful time while at the convention at which more than 500 medicos were in attendance.

McEwen Brothers to Improve Service

Efforts are to be made to provide the residents of the Santa Fe district with an adequate supply of good water, according to the statement made last evening by John McEwen, of the firm of McEwen Brothers, the corporation owning the Santa Fe water system.

Mr. McEwen, in conversation with a Record-Herald reporter last evening stated that a more satisfactory water system would soon be a reality in the Santa Fe district. "The trouble has been, said Mr. McEwen, "we have not had any water meters and the amount of water used by consumers has been far in excess of their rightful allowance, according to the contracts entered into with consumers. The meter of the People's Water company, from whom we have been getting our water, show that the amount of water supplied to the pipes of our system in Santa Fe exceed 1,000,000 gallons per month when, according to our contracts, we are only called upon to furnish 400,000 gallons per month.

"Consumers of water have been rather careless and have wasted so much water that our income from this source is not sufficient to meet the bill of the People's Water company. It will cost $2000 to install meters. The use of meters will cause consumers to be more careful and will eliminate the waste on the part of our patrons. I can assure the people of the Santa Fe district that the service will soon be satisfactory."

Party Culminates In Wedding Held Today

An informal party held on the evening of January 15, 1908, at the old Castle Garden hotel, formerly located near the Santa Fe shops, culminated in a wedding held at 2 o'clock this afternoon at which Miss Lillian Paulsen, the pretty young daughter of Mr. and Mrs. I. Paulsen, residing at 435 Eighth street, was claimed as the bride of Nate Lehman of Oakland. Following the ceremony the couple after a hurried trip managed to catch the steamer Harvard for Los Angeles where they will spend their honeymoon.

A merry time will be tendered the bridal couple on their trip south by the delegates from Richmond parlor N. S. G. W. who are also bound for Los Angeles, Lehman being a charter member of one of the Oakland lodges of the order.

Following several weeks spent in the southern metropolis the couple will return to Oakland where they will take up their residence.

INDEPENDENT DEMOCRATIC Official Paper of the City of Richmond

Editorial Department

"To Observations Which Ourselves We Make, We Grow More Partial, for the Observer's Sake."

CHARACTER MAN'S BEST ASSET

Henry Siegel, of Siegel & Co., department store operators in New York, Chicago and Boston, is now confronted with a situation which illustrates anew that misfortunes never come singly. In addition to all his other troubles he is now being sued by Mrs. Siegel for divorce.

A few short months ago Henry Siegel's name was on to conjure with in the business world. He was the head of some of the biggest department stores in the country, controlling director of banks and other enterprises and enjoyed practically unlimited credit. Today his stores are in the hands of receivers, his banks in like condition, his immense fortune practically wiped out, numerous indictments hanging over his head and the penitentiary staring him in the face. The two sides of the picture which life presents were perhaps never more strongly contrasted.

Mr. Siegel's unhappy lot is the direct result of dishonesty, crooked business methods, fast-and-loose living, exposure, impaired credit, lost reputation and the attending results. To add to his cup of sorrow his wife now seeks divorce because she has learned that he was crooked in his home life the same as in business.

All of which goes to show anew that fame is a bauble which when pricked rests upon nothing more substantial than the character of the man behind it. If he is the right sort of a man, clean and upright in all things, none of the forces of disaster or disgrace can prevail against his character. If, on the contrary, he is posing as something which he is not, living two kinds of a life, deceitful, dishonest and law-defying, he may be sure his sins will find him out and that dishonor and disgrace will be his aftermath.

J. Pierpont Morgan said just before he died that man's best financial asset is character, and that he would loan some men a million dollars upon their word yet others much smaller amounts upon the best of collateral. He stated a simple fact, known to all business men of experience. The word is valueless save as it is backed up by character, and Henry Siegel's present plight is a striking illustration of this fact.

POINTS ON CANAL TOLLS

One of the strongest arguments for the president's position as to Panama canal tolls is the fact that every British ship, whether engaged in domestic or foreign trade, that uses the Suez canal, pays tolls on an exact equality with the vessels of all the world.

Another strong point is that it would be unfair to all the people whose money has constructed the Panama canal to deprive them of any just revenue as a return on the investment. For the people of this nation to be taxed $500,000,000 in order that a certain class of ship owners may make more money would be about like taxing all the people to build a mill where a select clique of meal merchants might grind their corn free.

Thirty carloads of Richmond grape juice landed in Galveston a few weeks ago and a local paper there puts up an awful howl about it, and wants to know if Secretary Bryan is trying to put something over in that town. Say, brother, back up, there! Secteraty Bryan had nothing to do with it, except that he drinks grape juice instead of whisky, which shows his good sense. Winehaven Grape Juice from Richmond, California, is shipped from here to every civilized port in the world, and the more civilized it is the bigger the shipments. If you will switch off on grape juice and use less red liquor and mint julips you southern folks will kill less niggers and cut more ice.

Billy Sunday is thinking of opening a crusade in Washington. Well, all right, but we shall expect Mr. McAdoo to see to it that the public treasury is not depleted to compensate him.

Seems like some of you fellows whose wives are out of town dress up slicker and get shaved oftener than some of the rest of us do.

We are an optimistic folk;
Ambition is not killed
By thirty years of thought upon
The house we'll some day build.

No man is poor until he discovers that he is.

A baby's idea of the high cost of living is to cry for its dinner when she is not within hearing.

Don't blame some folks for choosing fortune instead of fame, for with fortune you can by a whale lot of fame.

Scientists say man has talked over a million years. They should add that man embraces woman.

Seems like Mr. Wilson's backbone is not so allfired weak as some people thought. He hasn't got that big jaw on him for nothing.

As a general thing a man is governed by his prejudices until he gets married and comes under a new administration.

Mayor Mitchell of New York wants a curfew bell rang at 2:00 o'clock in the morning. It would be a touching sight to see the little innocents hurrying home to the hay at that hour.

We trust the habit started recently in France of killing newspaper editors who criticise office-holders will not spread to and over the United States. That's a mighty bad habit.

The breath of spring is on the air, but this truth to your heart enfold: Spring brings its portions of despair—young onions smell as bad as old.

The big league ball season is about to open up, and the canal tolls controversy, votes for women, prohibition and the Mexican situation will be crowded off the front page.

April came in like the sesuous odor of the lilly and the poppy, and is now fading like warm bisuit with creamery butter and California honey on it.

Richmond has one of the largest and best wineries in the world and now proposes to spend a million or two dollars for water, by which it may be seen that we at least follow up our liquor with copious chasers.

We believe, on second thought, that if we were Mr. Huerta, and somebody jammed a 13-inch cannon under our nose that was liable to go off and blow the whole derned congressional district over the breastworks, we would salute, too.

The English militant suffragettes are now having "prayer parades," whatever that is. Good scheme. They won't be apt to pray and smash windows and heads at the same time. Prayer has efficy in more ways than one. We are in favor of it, though not overly addicted, except by proxy.

Our editorials on "Getting Rich in Richmond" sound like real estate advertisements, but they are not written as such. We have positively nothing to sell, but on the contrary want to buy as fast as we get paid up on what we have already bought. There are many fortunes ahead in Richmond realty, and we would like to see the poor man of today be the rich man of tomorrow, because turn about is fair play.

Many cities in many states are getting up all kinds of big entertainments and attractions for the purpose of raising funds to make creditable displays at our Panama Pacific International Exposition, which shows that a great interest is awakening in the big world's event as the time draws nigh for its opening. Nearly every state in the Union will be here with a fine display, and most of the countries of the world.

POLITICAL Announcements

To the Voters of the First Supervisorial District, Contra Costa County, California.

I hereby announce myself a candidate for the office of Supervisor to represent the people of the above district on the board of supervisors of Contra Costa county.

Primary election, Aug. 25, 1914.
General election, Nov. 3, 1914.

As under the existing law the election for County Officers is non-partisan, I propose to base my candidacy upon a determination to act as an official in a non-partisan manner and not to be swayed in my official conduct by political or other influence.

Very respectfully,
WM. F. HUBER.
Party Affiliation: Republican.

TO THE VOTERS OF CONTRA COSTA COUNTY:

I hereby announce myself a candidate for SUPERIOR JUDGE of Contra Costa county. Primary election AUG. 25, 1914. General election NOV. 3, 1914.

Under the present law all county officials are elected by a non-partisan vote. If elected I shall stand for a fair and impartial trial of all cases with the least delay possible.

C. A. CLARK.

TO THE VOTERS OF CONTRA COSTA COUNTY:

At the request of his friends ZEB KNOTT announces himself as a candidate for

SUPERVISOR

of District No. 1. Primary election, August 25, 1914. General election, November 3, 1914.

Under the present law all county officials are elected by a non-partisan vote.

ZEB KNOTT

ASSESSOR'S NOTICE
1914
NOTICE TO TAXPAYERS

All persons, firms, companies corporations and associations are required to deliver at the Assessor's office, Martinez, immediately, a statement under oath of all the property, both real and personal, owned or claimed by him, her or them, or in their possession, or held in trust for thers, at 12 o'clock meridian, on First Monday of March, 1914 in accordance with the new constitution. Refusal or neglect to make such sworn statement of all property owned or held in trust, will subject the person so refusing or neglecting to make such sworn statement to the full penalty of the law.

All property owners should see that their property is correctly described on the assessment roll.

Immediate attention is necessary, as work on the roll has already been commenced. Proper blanks may be had at the Assessor's office or of his deputies.

All statements must be in the Assessor's office on or before the 1st day of May, 1914.

The STATE POLL TAX of Two Dollars and ROAD POLL TAX of Two Dollars each are now due and payable at this office, or to a Deputy Assessor.

STATE POLL TAX and ROAD POLL TAX are due and payable on demand.

G. O. MEESE,
County Assessor.

THINGS HAPPENING FAST ALL AROUND RICHMOND

With Government Officials, Local Boosters and Extensive Municipal Improvements Calling for Front Page Stories and Something Doing Every Minute in Richmond, Led Pencils Fade Away as a Dream—Municipal Tunnel, Inner Harbor, Double Tracking, S. P. Electrics, New Factories and Rapid Building All in the Limelight.

Things are happening in Richmond these beautiful spring days so rapidly that it keeps us all busy trying to keep tab on them. With Assistant Secretary of the U. S. Navy Roosevelt here looking up matters of importance relative to the proposed future naval base around here somewhere and in the meantime arranging for large and copious doses of Richmond oil to fire up the big shooting ships with, our thoughts turn quickly to mantime matters and we go out and inspect the work going on at the municipal tunnel being bored through the west hills to the harbor and listen with unbounded interest to the plans for the immediate building of bulkheads and for big dredging operations for the inner harbor, and the expenditure of $200,000 or more of municipal and government money just as fast as possible in improvements of the Richmond waterfront. Then our attention is attracted to a big dust being kicked up out on the northern horizon by a number of new factories that are proposing to establish works out in that direction, and the employment of many hundreds more factory workers in Richmond to swell the already large payroll and help make the municipal wheels go round still faster. Then as soon as we get it doped out whether it is dust from the wheels of new automobile factories or porcelain dust from the factory going in on the Gately ranch addition, Henry Cutting and Wernse come sailing along Cutting boulevard with a few automobiles laden with Southern Pacific officials, figuring out the whichness and the wherefores of the paving of the boulevard and the laying thereon of the rails for the new S. P. electric car service to Oakland and San Francisco. It is all very strenuous.

With George Wall proposing to move one school house from the west side over on to his Harbor Tract in the southeast section of the city, and the denizens of the 23d street section arguing whether their new $40,000 schoolhouse shall face north, south, east or west, and several fellows butting into the school trustee game, matters educational also call for more or less attention, while the real estate men, with their constant improvements and influxes of tourists and excursions of people from all over Kingdom Come to see Richmond and invest in Richmond lots, the newsgatherer needs eyes in the back of his head and lead pencils in several different pockets.

The "A" Auto Company, proposing to establish a large branch factory here, is hard at work on the job and have arrangements all completed to build on the Gately ranch just north of the city, where the Richmond Development company (Gignoux Brothers), is subdividing another suburban residence district for the especial benefit of the many factory workers of the northern section of the city. The newly incorporated porcelain works company is also going to bulid and put in a plant on this tract, at an early date, arrangements to that effect now being made. This will make the fourth porcelain factory for Richmond and make it the most important porcelain factory town west of New Jersey. All these proposed factory improvements for the northern section means that the street car lines have got to be extended further north in the near future for the accommodation of the many workers employed and who are fast building homes for themselves and families in that section.

The new automobile factory mentioned in these columns some weeks ago, which is to manufacture and put on the market a standard make and size of car which is to retail for $400, cash or time payments is fast rounding into shape, and the details and names of those behind it can shortly be given. The location will be on the Brown-Andrade tract and is all arranged for, and those backing the enterprise have only a few days ago returned from Los Angeles, where they interested much southern capital in the matter, as well as the San Francisco capitalists already pledged. Local capital will also cut quite a figure in this enterprise and it is expected that it will in time develop into a manufacturing enterprise which will employ anywhere from 500 to 1,000 men.

The municipal wharf is to be built 300 feet further east than at first planned, City Attorney Hall having arranged with the Santa Fe officials in Los Angeles to that effect. This leaves 400 feet between the wharf and the railroad. The wharf is to be 800 feet long and 91 feet wide, and will connect with the extension of Ashland avenue via the municipal tunnel. All the land between the wharf and the hills is to be filled in and Attorney Hall's instructions from the city council is to keep busy on the job.

Next Monday evening a committee from the Industrial Commission, consisting of H. C. Cutting, Harry Ells and D. W. McLaughlin, will appear before the city council and urge the necessity of immediate action relative to a beginning of the inner harbor work, pointing out the fact that in order to reap the benefit of $100,000 this year from the government appropriation it is also necessary for the city to expend a like amount, and that $200,000 cannot be judicially expended in a few weeks, or even months, hence due diligence is imperative.

At the next meeting of the city council proceedings will come up for the immediate paving and improving of Cutting boulevard, which at the suggestion of all parties concerned largely will be pushed to a speedy completion, in order that the Southern Pacific railway can also get busy with its new fast electric line along that important thoroughfare. The paving of the boulevard and the building of the railroad are both scheduled for completion this season.

George Wall is just back from a trip to Los Angeles, where he went to get some pointers from the world-famous boosters down there, though we cannot see that he was in need of much information along those lines, as anything or anybody who escapes Brother Wall when it comes to boosting things generally has either got to run very fast or be nailed down. He says they have subdivisions down there that extend clear into the military operations in Mexico.

Among the tract owners who have been doing extensive improvements in Richmond this spring are Bouquet & Moran, operating the City Center Tract, which adjoins the Burg Brothers tract and runs out to San Pablo avenue and almost to the east Richmond hills where the fine residences of the future are promised. These gentlmen have planted 1250 beautiful ornamental shade trees on their tract this spring, mostly of the acacia variety, and when those trees grow big they will make that locality one of the most beautiful in Richmond or anywhere around. It is a wonder that tract owners do not plant more trees than they do, as nothing enhances value more or is so attractive. They are also putting in miles of paved streets, sidewalks and sewers and in every way improving the City Center tract right up to the handle, and, incidentally, recording many sales this spring. John Bouquet is at Portland and Seattle this week, interviewing a bunch of buyers up there who know a good thing when they see it, and reports from their offices in the First National Bank building in Oakland are to the effect that business is good. That's the way we like to hearfolks talk. When business is good with the real estate men it is good with everybody else, and we do not know of anybody more deserving of big success along all lines of endeavor than Messrs. Bouquet and Moran, for they are mighty good men and just as sure as square can be.

Work is being rapidly pushed upon the digging of the municipal tunnel, which is now in nearly 400 feet and the steam shovels will get busy on the job soon, taking out the core. The tunnle and wharf are to cost about $400,000.

The double tracking going on by the street railway company is making progress and Macdonald avenue will soon see the cars passing at full speed ahead instead of waiting at switches for some other belated car to arrive. This is a needed improvement which will benefit both the city, the general public and the street car company alike, and we are glad to be able to commend the company upon its enterprise along these lines. It is thought that this means the coming soon of the Key Route trains with their fast electric service, as it is not presumed that this company is going to allow the Southern Pacific to have everything its own way in that matter in the Richmond field.

In conversation with many tract owners and realty men generally of Richmond this week we find them without exception optimistic about the future growth and wealth of the city. Of course, that sort of talk may be said to be a part of their stock in trade and their business, but back of all that remains the fact that if these men did not believe these things themselves and have every confidence in their coming true they would not have invested millions of dollars of their money in Richmond and taken the chances of making profits from it. It takes nerve to do this, and implicit faith in the future of the town where the investment is made. Their talk is simply a reflex of their own honest belief, and their belief is backed up by the investment of their money, and money frequently talks even louder than words.

You could no more shake the confidence that such men as Henry Cutting, George Wall, Herbert Brown, Burg Bros. and Dan McLaughlin have in Richmond than you could shake a mountain by making faces at it. They have the courage of their convictions and back up their belief with their time and money. George Wall said a few days ago that directly and indirectly he believed he had been instrumental in selling fully 9,000 lots in Richmond. That is something to think of, too.

Burg Brothers were selling Richmond property way back in 1902, and are still at it. Their tracts comprise hundreds of acres. They paid more for their present Nicholl-Macdonald tract than all other tracts put together were sold for up to a few years ago, and in the past two years they have expended $1,390,600 for land here, and $250,000 prior to that time, becoming the third largest taxpayers of Richmond. That is a good record, for which credit is due them and should be given. Every Sunday excursions are brought over here from San Francisco and elsewhere by these men to see Richmond, and while it is true that they are doing business for themselves it is also true that they are advertising and making things lively also for Richmond. This is also true for all our big realty dealers, to which we owe much of our growth and general prosperity.

The Richmond Annex is about all sold out now and the Tapscott addition is three-fourths sold, and the owners of both these tracts are now arranging for the building of many houses, on the easy payment plan, which is another very good thing for the man of limited means, as it enables him to get a start and a home.

Couldn't get much news from E. J. Fitzpatrick, the genial manager for J. W. Wright & Co., as he was busy. He said there was just two things he wanted to see come about now—23rd street paved with a bitualistic pavement, and prohibition.

The water demonstration going on in the new building next to the postoffice is drawing crowds, and the water commissioners have set May 20 as the date of the election to vote on the water bonds. A campaign of water education will be carried on in the meantime.

If you want to see something real tangible going on, aside from the municipal tunnel, take a walk along the waterfront to the Ellis Landing and Dock Company's tract and see the dredgers throwing the mud out of the harbor and filling in the land to a height of eight feet more than it was. This is some big job, as there are 88 acres being thus raised a foot above grade and the cost of it is $540,000, which is some improvement itself. Then about $360,000 is to be expended upon streets, sewers, sidewalks, docks, warehouses and other improvements, making in all $900,000 in improvements, besides the original cost of the 88 acres of land. When this is completed and street cars and a ferry service meet there that will certainly be some busy part of the city, and it is good to think about. Not many towns are doing those kinds of stunts nowdays. They will bulkhead the entire waterfront and another dredge will be put in operation in a few days. Excursions come over here from San Francisco every Sunday and Mr. Emanuel has been over twice this week with large parties, and the sales are reported as being something enormous and very gratifying.

You will travel over an awful big territory of the United States before you will come across the activity that is going on right here in Richmond, especially in a young town, all of which can be easily verified by travel and looking around and then a visit to Richmond.

Party leaving city will store best make of upright player piano with responsible party who will purchase later. Address piano, care Record-Herald Co. April 10 tf

SANTA BARBARA, April 18.—These officers have been elected by the State Medical society in session here.

President, Dr. Harry H. Sherman, San Francisco; first vice president, Dr. George Hare, Fresno; second vice president, Rr. Rexwald Brown, Santa Barbara; secretary, Dr. Phillip Mills Jones, San Francisco.

The Contra Costa medicos were represented by Dr. U. S. Abbott of Richmond.

SALE OF UNION OIL PROBABLE

MARTINEZ, April 18.—While no official announcement was made it is understood that the Weir syndicate, at the annual meeting of the Union Oil company held Thursday at Oleum, submitted an offer to purchase for cash $15,000,000 nominal value of Union Oil treasury stock at 85. As the leading stockholders came up from Los Angeles for the chief purpose of listening to this proposal, it was generally assumed that the offer had been accepted. While this would not give the syndicate the control of Union Oil, it would release the control of Lyman Stewart's holding companies. That Stewart would consent to such an arrangement except under heavy pressure seems unlikely and it is reported that Los Angeles bankers have not failed to supply the pressure.

The Union Oil company has authorized $50,000,000 stock, of which $21,147,000 has been issued, leaving $18,853,000 unissued. Of the issued stock, Union Provident company holds 155,862 and a fraction shares. The United Petroleum company holds more than 50 per cent of Union Oil stock either directly or through its holdings of Union Provident, while Stewart holds control of the United Petroleum. Thus he is able to control more than $30,000,000 of Union Oil stock through an investment of about $8,000,000.

Pale Faces

Pale-faced, weak, and shaky women—who suffer every day with womanly weakness—need the help of a gentle tonic, with a building action on the womanly system. If you are weak—you need Cardui, the woman's tonic, because Cardui will act directly on the cause of your trouble. Cardui has a record of more than 50 years of success. It must be good.

E 60

Take CARDUI

The Woman's Tonic

Mrs. Effie Graham, of Willard, Ky., says: "I was so weak I could hardly go. I suffered nearly every month, for 3 years. When I began to take Cardui, my back hurt awfully. I only weighed 99 pounds. Not long after, I weighed 115. Now, I do all my work, and am in good health." Begin taking Cardui, today.

MONEY LOANED

Working people on terms and rates that honest people can afford to pay, get money when you need it and pay when you can in small weekly or monthly payments. Loans on Pianos furniture etc. Incomes, judgments, rents wages etc. purchased.

WITH THE CHURCHES

PRESBYTERIAN CHURCH

There will be unusual services at this church all day Sunday. The subject for the morning will be "Keeping and Using."

At 3 o'clock Dr. Howard H. Russell, founder of the Anti-saloon league of America, will speak. Come and hear the gifted orator.

At the evening service from 7:45 to 8 there will be a song service followed by the sermon by the pastor "The Human Express Wagon?" as suggested and told by a little boy of 4 years.

First Sunday school at 9:45 at the church while the second is held in Barnaman's hall, 19th and Macdonald avenue, at 2:60. The Junior C. E. meets at the church at 3 and the Seniors at 6:45.

At the morning service there will be the installation of elders while in the evening there will be the installation of the deacons.

Good music and a welcome awaits those without a church home

CALVARY BAPTIST CHURCH

Sunday school at 9:45; preaching at 11. The morning service will be in the entire charge of the Camp Fire Girls. The pastor will preach an object sermon on "The Stones."

B. Y. P. U. at 6:30.

Song service at 7:30 sharp. The subject of the evening sermon is the third one in the series to railroad men, "Stop, Look, Listen." The church choir will favor us with two anthems. Their singing was of such high order on Easter Sunday that everyone will be glad to hear them sing again. After the sermon the ordinance of baptism will be administered to several candidates.

Make Calvary Baptist your church home. You are invited to all of the service. A warm welcome awaits you.

W. S. STEWART, Pastor.

SAN PABLO BAPTIST CHURCH

There will be Sunday school at 10 a. m. and preaching at 11 o'clock. Prayer meeting on Wednesday at 7:30 p. m.

Everybody is cordially invited to these services. All denominations worship in this church. Come and feel at home with us. It is God's house and we use God's Bible. "And ye shall know the truth and the truth shall make you free." John 8-32.

REV. S. K. SKINNER, Pastor.

WESLEY METHODIST CHURCH

Sunday school, 9:45 a. m. sharp; sermon by pastor, 11 a. m.; Class meeting, 12 m.; Junior League, 2:30 p. m.; Intermediate League, 6:15 p. m.; Epworth League, 6:45 p. m.

Song service and short sermon at 7:45 p. m.; Ladies' Aid Society, on Wednesday, 2:30 p. m.; prayer meeting, Wednesday, 7:45 p. m.

D. W. CALFEE, Pastor.

TRINITY EPISCOPAL CHURCH

Corner of Washington and Nicholl avenue. Rev. C. S. Linsley, pastor. Sunday school at 10 a. m.; regular morning and evening services by the pastor at 11 a. m. and 7:30 p. m. A cordial invitation is extended to the public.

FIRST BAPTIST CHURCH.

Rev. A. C. Austin of Oakland will be present at the First Baptist church on Washington avenue for both morning and evening services. Special music by the choir. Sunday school, 10 a. m.; preaching, 11 a. m.; Young People's, 7 p. m.; preaching, 8 p. m. The public is cordially invited to attend.

ST. PAUL'S CATHOLIC CHURCH

There will be regular services at St. Paul's Catholic Church, San Pablo. Mass at 10 a. m. Sunday school and evening devotion at 7:30 o'clock.

BIBLE STUDENTS.

The International Bible Students' association will meet at College hall, Macdonald avenue and Fourth street, Sunday at 2 p. m. for Bible study.

OUR LADY OF MERCY CATHOLIC CHURCH

Richmond avenue between Santa Fe and Martini street; Rev. Father Sullivan, pastor. There will be first mass at 8:30, followed by Sunday school in charge of the Presentation Sisters; second mass at 10:30; evening devotion at 7:30.

CHURCH OF ST. MARK THE APOSTLE

Corner of Bissell avenue and Tenth street, Rev. P. M. Griffin, pastor in charge. There will be first mass at 8:30 and Sunday school; second mass at 10:30; evening devotion at 7:30.

"See This Thing Through" Rally

Richmond, April 18, 1914.

Editor Record-Herald:

It is with great pleasure that we are able to unite with like committees of other cities in welcoming to our state, on behalf of our citizens, Dr. Howard H. Russell, the distinguished founder of the Anti-Saloon League, to deliver a number of addresses in the interests of the campaign for national Prohibition, that is now on.

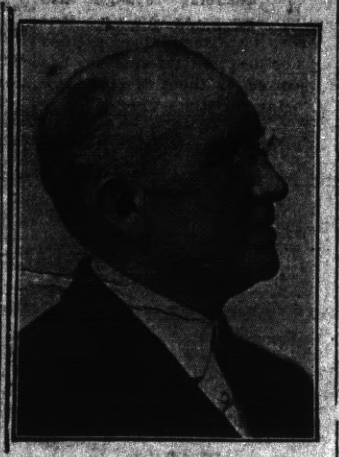
At the Presbyterian church in our city on Sunday, April 19th, at 3:00 p. m, this noted and eloquent National leader in the Temperance Reform will speak and we urge the presence of yourself and your friends.

For more than a quarter of a century his eloquent voice and pen have been continuously employed in opening the eyes of the nation to the curse of the drink traffic and the final achievement of national Prohibition (within the next decade at the outside, we believe,) will be a triumph for no single individual more than for Howard H. Russell.

At the great convention at Columbus, Ohio, November 10, to 13, which launched the National Prohibition Campaign, he delivered an address on "The League, God's Plan," which moved that great crowd to a frenzy of applause. Again at Washington, D. C., December 10th, when the committee of 2000 assembled to petition Congress for the speedy submission to the states of the Shepherd-Hobson Amendment, he was one of the most striking figures. At the great mass-meeting in Continental Hall he presided with dignity and grace. He was toastmaster at the historic breakfast at Rauscher's the next morning, and in response to his stirring appeal the 1000 guests sprang to their feet as one man, and with uplifted clenched hand, shouted—"We'll See this Thing Through."

Those who hear him on this great theme will enjoy a rare treat.

COMMITTEE.



HOWARD H. RUSSELL, D. D., L. L. D.

THE DUTCH-SHELL TO BUILD PIPE LINE TO CONTRA COSTA

SAN FRANCISCO, April 18.—With the filing in San Francisco of incorporation papers the Valley Pipe Line company, with $10,000,000 capital, another important step in the establishment of the Dutch-Shell combine among the big oil producing and transporting companies of California was disclosed yesterday. The Royal Dutch Petroleum company and the Shell Trading and Transport company, the two factors in the combination which is now definitely entered in the oil industry of the state, are represented in this new incorporation by the following directors:

H. R. Gallagher of the American Gasoline Company, one of the subsidiary corporations of the Dutch-Shell.

John Lawson of Balfour Guthrie & Co., chief owners of the California Oil Fields, Limited.

D. Adamson, also of Balfour Guthrie.

J. C. Van Eck, president of the American Gasoline company.

W. Meisthke of London, representing the Rothschild capital.

From Coalinga to Bay

The purpose of the incorporation is to build a pipe line from the Midway and Coalinga fields to San Francisco bay." Gallagher said last night. When asked if the terminal here would be at Port Costa, he acknowledged it would be "near there," but refused to say anything more at the present time concerning the plans of the company to build a refinery there.

The Dutch-Shell people recently acquired the California Oil Fields, Limited, and two other properties in the Midway and Coalinga fields—the Turner Oil company and the W.K. Oil company. About the same time they acquired the output of the General Petroleum, Limited, in the Midway fields, to the extent of 5000 barrels a day. This gave them a daily production of upward of 20,000 barrels.

Means Much for State

Soon after these acquisitions it was rumored that the company had entered into a contract for the construction of a ten-inch pipe line from Midway to Port Costa and that it was the intention to locate a big refinery at that point. This rumor lacked confirmation until yesterday, when, with the filing of the incorporation papers, the directors admitted their intentions. More than a year ago they had purchased a large tract of land near the refinery of the Associated Oil company at Port Costa, but the projected development was slow in materializing.

The pipe line, which will now be built, will be capable of carrying 30,000 barrels a day. It will parallel the line of the Associated Oil company, which is located for the greater part of the distance on the right of way of the Southern Pacific.

This announcement was received in financial circles yesterday with considerable satisfaction, as it means a large expenditure of foreign capital in the state and a commensurate development of the oil industry here by a strong combination which had not before established itself independently and completely in California.

REFERENDUM ON CITY HALL MOVING TO BE FILED MONDAY

(Continued from Page 1)

However, those behind the movement to have the city hall moving proposition passed up to the electors of the city state that they expect to carry the matter up to the high court of the state and have it settled once for all.

Under the law the petition must be filed within thirty days after the action is taken by the city council. As the council voted to move the city hall on March 23rd, the petitioners have acted within the time required by law.

Hupmobile

Precedence

The Hupmobile takes precedence in low cost of operation—in gas and oil economy, in tire economy, in repair economy.

It excels in these most important features because Hup engineers, scientifically applying the small-bore, long-stroke principle, build throughout for quality and long life and untiring service, and for them alone.

One Cent Per Mile

And because of these things, Hupmobiles uniformly command a price higher by 25 to 40 per cent. in the second hand market.

The Hup owner figures depreciation at an average of one cent per mile traveled.

Isn't that an unanswerable argument for good motor car investment?

Visit the Hup dealer. He will add specific instances that will delight and convince you.

ENTERTAINMENT AT SANTA FE READING ROOM

The Power-Brauer Concert company, of Chicago, Illinois, will give and entertainment at the Santa Fe reading room for the amusement of employes of that railroad on the evening of April 21st, Tuesday next.

The personnel of the company is composed of Jessie Power, impersonator and manager; Mrs. Perry J. Power, pianist; Walter Brauer, cellist.

Superintendent of Reading Rooms S.E. Busser, in his foreword has the following to say concerning this company of artists:

"All the big Bureaus have been handling Miss Power and her company, and it has been very difficult to arrange for this trip; but a vacation and change they must have, and hence they accepted my urgent invitation. The character sketches of Miss Power and her method of analyzing the great events of history and great works of art and literature have given her the standing of a specialist in her work. There is no entertainment like this before the country. Their ensemble work has been a pronounced success. The cellist solos will win the gladsome favor of all. Artists of this character are hard to procure for entertainments of this kind, and I congratulate the employes on the privilege to hear and meet them."

PIONEER CLUB DANCE A SUCCESS

The dance held at East Shore park last evening by the members of the Pioneer club proved to be a very delightful affair. The decorations and music furnished by the Park orchestra was perhaps one of the attractive features of the dance.

The committee which had charge of the ball were H. W. Tuller, chairman, L. D. Dimm, J. F. Brooks, C. B. Brichman and V. A. Fenner.

The Ladies' Guild of the Episcopal church are completing arrangements for the holding of their annual dance at East Shore park on the evening of May 27. Nothing will be overlooked by the members of the guild to make the affair one of the most enjoyable held at the park this season.

BIG EATERS GET KIDNEY TROUBLE

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid, which the kidneys strive to filter out, they weaken from overwork, because sluggish the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

—Advt.

Auto Bugs Should Read State Law

According to information received in Richmond recently it can be reasonably expected that detectives of the state will quietly appear in this city any time to see that the new automobile law is not being violated, either with regard to driving rules or the matter of licenses. This bit of information might well be taken as a warning by many owners and drivers of cars, for there is no doubt but what violators could be picked up almost every day by an officer who had nothing else to do but to watch for offenders. It might also be well to remark at this time that the state department has notified the authorities that information has been received by them that the law is not being strictly enforced, as it is expected that it shall be.

The state officers are now working in various parts of California, according to word brought here, and are making no discrimination between offenders. One is just as likely to be arrested for driving on the wrong side of the street or turning around in the middle of the block as for driving a car without a license. They are also very strict in regard to chauffeur's having the necessary license.

In case of arrest, the case is taken before the nearest magistrate, and the offender charged in accordance with the nature of the violations.

The state authorities are determined that the new law shall be strictly enforced, and having much power in the matter, they are in position to see their wishes carried out. Those not familiar with what is expected of them should lose no time in studying out the provisions and adhering strictly thereto.

LISTER IS OUT OF MOONEY CASE

MARTINEZ, April 15.—That Henry B. Lister, chief counsel for the defense of Thomas Mooney at the first trial which ended in the disagreement of the jury last week will not appear as attorney for the defense when the trial is again taken up next Wednesday was made known in Martinez Friday.

Maxwell McNutt will direct the defense assisted by T. D. Johnston. It was known during the course of the trial that all was not serene in the camp of the defense attorneys, and when informed that McNutt would be chief counsel, by Mooney, Lister withdrew.

CHORCH SOCIAL IS A JOLLY AFFAIR

The social held at the San Pablo Baptist church last evening proved to be a very jolly affair. A short program took up the early part of the evening at the conclusion of which refreshments were served by a number of the ladies of the church.

The interior of the church had been prettily decorated for the affair in white and gold.

7 SONG BOOKS IN ONE

THE RECORD-HERALD has arranged to distribute a beautiful, big song book called "Songs That Never Grow Old," as there is a great wave of interest in the revival of these dear old melodies. Here are all the beloved favorites, including songs of home—college, patriotic and love songs—songs that will brighten the homes and gladden the hearts of all readers. These are all contained in one volume, which is elaborately illustrated with a galaxy of noted artists, many in their favorite costumes, and these portraits alone are worth more than the small price named. For a short time this plendid book will be presented to readers of this paper on the popular coupon plan explained below. Clip the SONG BOOK COUPON printed in another column of this issue and learn how you may come into possession of all these old favorites.

Rare Illustrations

Among the many portraits of favorite artists in this volume are the following. Many of these are portrayed in costume in their best-known characters, the complete list comprising 69 beautiful pictures:

Mme. De Cisnero
Mme. Frances Alda
Mme. Matzenauer
Mme. Rappold

NO OTHER SONG BOOK LIKE THIS

Seven Books in One Volume

The well known Syndicate Publishing Co. of New York was induced to issue this splendid collection so that daily newspapers throughout the entire country may distribute it for the benefit of their readers. No expense or pains have been spared to make it complete in every respect, and it also embraces many special features unknown to any other book of a similar character. Not only the choice selection of songs, but the grand array of portraits of renowned artists make this volume unique. Read the printed list of songs; see the roster of great artists; better still, call and see the book itself, take it home with you and if you are not satisfied, return it and get your money back.

Mail Orders

As explained in the coupon printed elsewhere in this issue, out-of-town readers may have either book by mail if they include the amount named to cover postage. Address

Record-Herald
RICHMOND, CAL.

SECRETARY OF STATE ISSUES CALENDAR EXPLAINING LAW

Secretary of State Frank C. Jordan has issued the following "calendar" which explains the inner workings of the new primary law:

Registration for the primary election closes on July 25. The primary election will be held on August 25. Registration for the general election closes on October 3.—The general election will be held on November 3.

Candidates are not permitted to circulate nomination papers prior to June 16 and all nomination papers must be filed on or before July 16.

The following is the complete calendar for the year:

June 1.—County clerk must submit to Secretary of State, total registration of county, also total registration of each party and number of electors who have declined to state party affiliations.

July 1-8—County clerk must compute membership of county central committees of each party between these dates.

June 16.—First day to circulate and secure signatures to nomination papers.

July 6.—Last day in which a political party may qualify by registration or petition to the Secretary of State, that has not otherwise qualified.

July 6.—County clerk must submit to Secretary of State total registration in county.

July 16.—Last day to file nomination papers and certificates of appointment of verification deputies for all candidates.

July 16.—Secretary of State must submit to county clerks, names of offices for which candidates are to be nominated at the primary and list of political parties that have qualified.

July 21.—On or before this date all candidates' affidavits must be filed in the place where the nomination paper is required to be filed.

July 25.—Registration and transfers close for the August primary election.

July 26.—Secretary of State shall submit to county clerks names and addresses of all persons whose nomination papers are on file in his office with the party for which he is a candidate.

July 31.—County clerks shall arrange registration affidavits for each district and bind same.

August 1.—Board of supervisors to appoint election boards, designate polling places, etc., for primary election, prior to this date.

August 5.—Last day to be naturalized or otherwise become a citizen to register for the general election in November.

August 6.—County clerk shall prepare sample ballots for primary election prior to this date.

August 15-20—Sample ballots shall be mailed between these dates.

August 18.—Election officers for primary are to be notified of their appointment, not later than this date.

August 25.—Primary election to nominate candidates for all officers. Polls open at 6 a. m. and close at 7 p. m.

August 27.—Supervisors start canvass at 1 p. m.

September 7.—Bonds of county officers must be fixed on or before this date.

September 8.—County Central Committees shall meet in court house.

September 9.—Last day on which candidates may file statements of receipts and expenditures.

September 10.—Canvass of primary election vote must be completed prior to 6 p. m. of this date.

September 15.—State conventions of all parties to be held at State Capitol on this date.

September 24.—Last day on which independent nomination papers required to be filed with the Secretary of State, may be left with county clerks.

October 4.—Registrations and transfers close for the general election in November.

October 4.—Secretary of State shall certify to county clerks, prior to this date, names of all candidates.

October 8.—Board of Supervisors shall appoint election officers, designate polling places, etc., for general election before this date.

October 9.—Registration affidavits to be arranged and bound prior to this date.

October 5.—Secretary of State shall furnish county clerks with copies of amendments, propositions, etc.

October 10.—Secretary of State shall certify to county clerks amendments and propositions to be voted upon.

October 24.—County Clerk shall commence mailing sample ballots.

October 26. — Election officers shall finish mailing sample ballots.

November 3.— General election throughout the state. Polls open at 6 a. m. and close at 7 p. m.

November 9.—Supervisors begin canvass of votes.

November 18.—Last day on which candidates may file statements of receipts and expenditures.

OLD FAVORITES FOR EVERYBODY

ALL THE DEAR OLD SONGS NOW BROUGHT TOGETHER IN ONE VOLUME

Some people like old wine; many people love old friends, and everybody loves the old songs.

As previously announced, The Record-Herald is offering a complete collection of all the old favorite songs brought together in one beautiful big volume called "Songs That Never Grow Old."

All of these songs have been compiled and selected with the utmost care by the most competent authorities and are printed and bound all together, making seven song books in one volume. There are two styles of binding, one in paper covers and the other in heavy English cloth. The contents are the same, but, of course, the cloth binding is more durable and with ordinary care should last a lifetime.

An innovation in this edition are the magnificent illustrations. These consist of a rare galaxy of sixty-nine wonderful portraits of the world's greatest vocal artists many in favorite costumes. The list includes Caruso, Tetrazzini, Melba, Slezak, Farrar, Bonci, Goritz Scotti, Fermstad and almost fifty others. None of these portraits have ever been shown in a work of this character, and they are all reproduced from copyrighted photographs which have been approved by the artists themselves. Every reader will want to possess this rare and unique collection.

In another column of this issue will be found a coupon in which is explained the plan of distributing this beautiful book of songs. The Record-Herald will undertake to distribute an entire edition within a limited time and readers are urged to lose no time in familiarizing themselves with the plan.

So many are given to needless noise that it doesn't take much to start the crowd to cheering.

Judge Ben Lindsey To Speak on 24th

Judge Ben Lindsey, the friend of children, is scheduled to deliver a lecture at Martines, on the evening of April 24th, under the auspices of the Martinez Athletic club. Those of our people who desire to hear this distinguished man will have the opportunity of going to Martinez on excursion rates. Representatives of the Martinez Athletic club of the county seat will be in Richmond on Sunday and will endeavor to interest a sufficient number of our citizens to insure the running of a special train from this city to the county seat so that those who undertake the trip will be able to return directly after the lecture.

During the four years that Judge Lindsey has been on the bench of the Denver county court, his work among delinquent juveniles has made him a national figure. From all over the civilized world come inquiries regarding the methods and the administrative system of the juvenile court of this young man of 35. It would be within the truth to say that Ben B. Lindsey's matinee court is the greatest single factor counting for righteousness in the State of Colorado.

Ben Lindsey, like Joe Folk, came from Tennessee. Left penniless by the death of his father the day after a fifteen thousand-dollar life insurance policy had lapsed, he came to Denver with his mother. He went to work as an office boy for a law firm and added to the family income by doing janitor work for Judge Robert W. Steele.

It was in a fight against jury fixers that Ben Lindsey began his political career. Twice he and his partner tried a celebrated damage case, and twice their bulk of well-massed evidence was brought to naught by the twelfth juryman. So he "broke into" politics in order to obtain the passage of a three-fourths jury law in civil cases.

His ability soon became recognized, and he served as counsel for one faction of his party in a political fight for control of the machine. He received the appointment to an unfinished term as county court judge, for party services rendered. But before he had been judge a month it was plain that he was no tool of a machine or even of a party.

The problem of the children first came home to Judge Lindsey in a strange way. Some street gamins were brought to his court charged with robbing a pigeon roost. As he talked with the trembling youngsters his memory jumped back fifteen years to a time when another party of boys had planned to rob that same cote, and in the attempt some had been caught and some had escaped. He recalled that one of those boys had died for his country on San Juan hill, that another was doing time in a state penitentiary, and that a third was now sitting in judgment on other lads whose futures as good citizens or as criminals might depend upon his wisdom in dealing with them.

And while he was still seeking light, young girls were brought to him charged with frequenting wine rooms. "Why don't you arrest the dive keepers?" he asked of the officers, and began at once a crusade against the evil. But the fire and police board had reasons of its own for not wanting to close the wine rooms. It actually secured from another judge an injunction against action by the board on the plea that the woman suffrage law gave a woman as much right as a man to visit saloons. Judge Lindsey refused to recognize the authority of the other judge and the Supreme court later sustained him. From that time mere politicians have feared and hated Ben Lindsey, not because he is a friend of the children, but because he is of necessity an enemy of "graft" in protecting the interests of the young.

CIRCUS PARADE WILL BE A BIG AFFAIR

Asserted claims being not always credited, the management desiring to meet public approbation, wishes to impress on city and suburban residents that they were cordially invited to have the family attend and review the marshalling for their critical official inspection—the Free Street Parade at 10 A. M.—morning of arrival. They are requested to note its composition and variegated complexion in human and animal interest—in quantity and quality. Notice the absence of guilded-concealment of contents wagons in contract to the open cage—visible—all well trained menagerie animals—which give evidence of the wonderful exhibition of fearless men and women—tutors in incredible acquired feats of agility—grace of grouping and subserviency in actions—novel and instructive in the possibilities in this dangerous line—injected by able trainers., whose touch is light as thistledown, yet strong as steel.

This is one of the most costly collections of educated beasts ever exposed to public gaze; instructive as well as entertaining, as evidence of the laborious patience required and expense incurred in its acquisition; a new departure to challenge the admiration and confidence of the visited communities.

Space permits but a partial reference to the many distinctive features that make this public moving assemblage of flesh and blood excellence outclass the classiest in novelty, of official, municipal governmental or private modern pageants.

Nine bands—Bernie's Serinadium—an Orchestrion on wheels—the latest invention, the electric-wireless sweet voiced mechanical Siren—the Vocaline—will lend musical charm to the ear, while the eye is enjoying the riot of color and stately appearance of the richly costumed 450 Lady Riders and Cavaliers; 600 beautifully caparisoned spirited horses in splendid fettle—an equine exhibit beyond compare—Herds of Elephants, Camels, Sacred Cattle, Mules, Dromedaries, Ponies, and the latest, most strange, never before publicly presented scientific triumph in breeding by the United States Government through crossing useful "Rocky Mountain Canary," the Burro with African Zebra—this latest hybrid addition to the animal kingdoms, the Hynie, being one among the new and prominene features of this Long Spectacular Street Parade.

Increased in importance by an historic personality, innovation in circus annals, by the personal superintendence and leadership of the Last of the Great Scouts—Col. W. F. Cody—Buffalo Bill—escorted by the last of the War Trail, Chiefs of American Indians, whose presence in conjunction with the wealth of merit—presented will keep green in the memory of every child, those assisting them to witness this costless spectacle, a mirror reflecting the resplendent glories of the Sells-Floto Circus and Buffalo Bill alliance exhibition.

In the afternoon at 2—and at in night at 8.

FEW FOLKS HAVE GRAY HAIR NOW

Well-known local druggist says everybody is using old-time recipe of Sage Tea and Sulphur

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time receipe.

Nowadays we get this famous mixture by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance. advt.

NOTICE OF PUBLIC WORK

NOTICE IS HEREBY GIVEN That the Council of the City of Richmond on the 13th day of April, 1914, passed Resolution of Intention No. 226 to order the following work to be done to wit:

The Opening and extending of Seventh Street from its present termination at the northwesterly line of the Highland Tract across the right-of-way of the Atchison, Topeka & Santa Fe Railway Company to the southeasterly line of the West Richmond Tract, in the City of Richmond, to a uniform width of forty (40) feet, and to condemn and acquire any and all property necessary and convenient for that purpose, and to create an assessment district to be benefitted by said improvement and to be assessed to pay the costs, damages and expenses thereof.

That the land which is by this Council deemed necessary to be taken therefor and which this Council intends to take therefor is described as follows, to wit:

Commencing at the intersection of the westerly line of Block "B" of the Highland Tract, as shown on "Map of the Highland Tract" filed in the office of the Recorder of Contra Costa County, California, on the 20th day of May, 1904, and the southeasterly right-of-way line of the Atchison, Topeka & Santa Fe Railway Company, and running thence N. 51 degrees 41 minutes 30 seconds W. across the said right-of-way a distance of 190 feet to a point of curve; thence to the right 78.54 feet on the circumference of a curve whose radius is 50 feet to a point of tangency in the northwesterly line of said right-of-way; thence along said line of the right-of-way S 38 degrees 18 minutes 30 seconds W. a distance of 140 feet, to a point of curve; thence in a northeasterly direction 78.54 feet along the circumference of a curve whose radius is 50 feet to a point of tangency; thence re-crossing the said right-of-way S 51 degrees 41 minutes 30 seconds E. a distance of 100 feet, to a point of curve; thence to the right a distance of 84.06 feet along the circumference of a curve whose radius is 93.20 feet, to a point of tangency on the extension northerly of the westerly line of said Seventh Street; thence south along said extension of the westerly line of Seventh Street, a distance of 27.23 feet, to its intersection with the said southeasterly line of said right-of-way; thence along said southeasterly line of the right-of-way N. 38 degrees 18 minutes 30 seconds E. 96.79 feet to its intersection with the said westerly line of said Block "B" said Highland Tract, and the point of commencement. Being a portion of the right-of-way of the Atchison, Topeka & Santa Fe Railway Company, and containing .281 acres. All being in the City of Richmond, County of Contra Costa, State of Califofrnia.

That the exterior boundaries of the district of land hereby established, determined and declared to be affected and benefited by said work or improvement, and assessed to pay the damages, costs and expenses thereof, and to be known as "Assessment District No. 226" are described as follows, to wit:

Comencing at the southeasterly corner of the Richmond Home Tract, as shown on "Map of Richmond Home" filed in the otice of the Recorder of Contra Costa County, California, February 1, 1902; and running thence northerly along the easterly boundary line of said Richmond Home to the northeasterly corner thereof; thence continuing northerly along the easterly boundary of Turpins Addition, as shown on "Map of Turpins Addition" filed in the office of the Recorder of Contra Costa County, California, June 29, 1903; thence continuing northerly along the easterly boundary line of Martha Washington Tract, as shown on "Map of Martha Washington Tract," filed in the office of the Recorder of Contra Costa County, California, February 3, 1906; thence continuing northerly along the easterly boundary lines of Block "G" and Block "D" of the Highland Tract, as shown on "Map of Highland Tract" filed in the office of the Recorder of Contra Costa County, California, May 20, 1904, to the northeasterly corner of said Block "D"; thence westerly along the northerly lines of said Blocks "D", "C", and "B" of the said Highland Trace to the southeasterly right of way line of the Atchison, Topeka & Santa Fe Railway Company; thence northeasterly along said right-of-way line to its intersection with the extension southerly of the easterly line of the West Richmond Tract, as shown on "Map of West Richmond Tract" filed in the office of the Recorder of Contra Costa County, California, February 13, 1906; thence northerly along said extension and along the said easterly line of the West Richmond Tract to the northeasterly corner of said West Richmond Tract; thence continuing northerly along the easterly boundary of Walls Second Addition, as shown on "Map of Walls Second Addition" filed in the office of the Recorder of Contra Costa County, California, March 4, 1912, to the intersection of said easterly boundary of Walls Second Addition with the northerly boundary line of the city of Richmond; thence westerly along said northerly boundary line of the City of Richmond to its intersection with the westerly boundary line of the Andrade-Gularte Tract, as shown on "Map of Andrade Gularte Tract" filed in the office of the Recorder of Contra Costa County, California, July 27, 1912; thence in a general southerly direction along the westerly line of said Andrade Gularte Tract to the southwesterly corner thereof; thence continuing in a general southerly direction along the westerly boundary line of the Industrial Center Tract, as shown on "Map of Industrial Center Tract" filed in the office of the Recorder of Contra Costa County, California, April 25, 1912, to the southwesterly corner of said Industrial Center Tract; thence easterly along the southerly boundary of said Industrial Center Tract, and the extension thereof, to its intersection with the northwesterly boundary line of the said Turpins Addition; thence southwesterly along the said northwesterly boundary line of Turpins Addition to the most westerly corner of Block Three (3), said Turpins Addition; thence to the northwesterly corner of Block Two (2), said Turpins Addition; thence southerly to the southwesterly corner of said Block Two (2); thence southerly along the westerly lines of Blocks Seven (7) and Two (2) of the Richmond Villa Tract, as shown on "Map of Richmond Villa Tract" filed in the office of the Recorder of Contra Costa County, California, September 9, 1906; to the southwesterly corner of said Block Two (2); thence easterly along the southerly boundary of said Block Two (2) and Blocks Three (3) and Four (4) of the said Richmond Villa Tract; thence to the southwesterly corner of Block One (1), Richmond Park, as shown on "Map of Richmond Park" filed in the office of the Recorder of Contra Costa County, California, March 31, 1902; thence along the southerly lines of Blocks One (1), Two (2) and Five (5) of said Richmond Park to the said easterly corner of said Block Five (5); thence to the southwesterly corner of Block One (1) of the Terminal Tract, as shown on "Map of Terminal Tract" filed in the office of the Recorder of Contra Costa County, California, February 19, 1907; thence along the southerly lines of Blocks One (1) and Seven (7) of said Terminal Tract, to the southeasterly corner of said Block Seven (7); thence along the southerly line of the said Richmond Home Tract to the southeasterly corner of said tract, and the point of commencement. Being all in the City of Richmond, County of Contra Costa, State of California. Saving, excepting and excluding from said district all public streets, alleys, lanes, avenues and places therein included and contained, as shown on maps entitled "Plat Showing that Portion of the A. T. & S. F. right-of-way required for the Extension of Seventh Street, Numbered 226, Sheet 1, and dated April 10, 1914" and "Plat Showing Assessment District for the Extension of Seventh Street across the A. T. & S. F. right-of-way, Numbered 226 Sheet 2, and dated April 10, 1914" prepared by the Engineer of the City of Richmond.

That the said work or improvement is to be done under an act of the Legislature of the State of California, entitled "An Act to provide for laying out, opening, extending, widening, straightening or closing up in whole or part, any street, square, lane, alley, court or place within municipalities, and to condemn and acquire any and all land and property necessary or convenient for that purpose," approved March 6, 1889, and all acts amendatory thereto.

Reference is hereby made to said Resolution of Intention No. 226 now on file in the office of the Clerk of the City of Richmond, for further particulars.

NOTICE OF PUBLIC WORK

NOTICE IS HEREBY GIVEN That the Council of the City of Richmond on the 13th day of April, 1914, passed Resolution of Intention No. 214 to order the following work to be done, to wit:

The widening of Cutting Boulevard from the easterly line of Sixteenth Street to the easterly line of the Griffin & Watrous Addition, to a uniform width of one hundred and ten (110) feet, and to condemn and acquire any and all property necessary and convenient for that purpose, and to create an assessment district to be benefited by said improvement, and to be assessed to pay the costs, damages and expenses thereof.

That the land which is by this Council deemed necessary to be taken therefor, and which this Council intends to take therefor, is described as follows: All of Lots One (1) and Two (2), Block Sixteen (16), of the Griffin & Watrous Addition, as shown on the Map of Griffin & Watrous Addition to Richmond, County of Contra Costa, California, filed in the office of the Recorder of Contra Costa County, California, on the 31st day of May, 1904. All being in the City of Richmond.

That the exterior boundaries of the district of land hereby established, determined and declared to be affected and benefited by said work or improvement, and assessed to pay the damages, costs and expenses thereof, and to be known as "Assessment District No. 214" are described as follows, to wit:

Commencing at the southwesterly corner of Block Eighteen (18) of the said Griffin & Watrous Addition, and running, thence easterly along the southerly boundaries of said Block Eighteen (18), and of Blocks Seventeen (17) and Sixteen (16), of said addition, to the southeasterly corner of said Block Sixteen (16); thence northerly along the easterly boundary of said addition to the northeasterly corner thereof; thence westerly along the northerly boundary of said addition to the northwesterly corner thereof; thence southerly along the westerly boundary of said addition to the southwesterly corner of Block One (1) of said addition; thence in a southeasterly direction to the northwesterly corner of Block Six (6) of said Addition; thence southerly along the westerly boundaries of said Block Six (6), and of Blocks Seven (7), Twelve (12), Thirteen (13) and Eighteen (18) of said addition, to the southwesterly corner of said Block Eighteen (18), and the point of commencement. Being all in the City of Richmond, County of Contra Costa, State of California, and shown on map entitled "Plat showing Land to be Taken, and Assessment District for the Opening of Cutting Boulevard," dated December 15, 1913, and numbered 214. Saving, excepting and excluding from said district all public streets, avenues, lanes, alleys, crossings, and places therein included and contained, and the land to be taken for said improvement.

That the said work or improvement is to be done under an Act of the Legislature of the State of California, entitled "An Act to provide for laying out, opening, extending, widening, straightening, or closing up in whole or in part, any street, square, lane, alley, court or place within municipalities, and to condemn and acquire any and all land and property necessary or convenient for that purpose," Approved March 6, 1889 and all acts amendatory thereto.

Reference is hereby made to said Resolution of Intention No. 214 now on file in the office of the Clerk of the City of Richmond, for further particulars.

EMERALD POOL ROOM HAS CHANGED HANDS

The Emerald Pool room, conducted for the past few months by Bob Cleek and Henry Hill was sold this afternoon to William Adams and Harry Hyatt, well known here, having formerly been connected with the Oakland Traction company.

The new managers are arranging a number of improvements for the pool hall which, when finished, will make it one of the finest and most up-to-date places in the city.

BILLIARD EXPERT AT SEQUOIA CLUB TONIGHT

There will be an exhibition of fancy billiards this evening at the Sequoia Commercial club rooms when R. R. Brunner, of Oakland, champion of the Pacific Coast, will contest for honors with another champion. The game will be called at 7:30 o'clock. One game of straight rail billiards, one game of 18 inch-2 balk and one game of three-cushion will be played. It is expected that all the creek billiard artists of Richmond will be in attendance.

SENIORS MAY PLAN A BAY EXCURSION

Arrangements are being made by the Senior class of the local high school to hold a bay excursion some time during the coming month. A number of suggestions were made at the meeting of the class held yesterday afternoon, some of which were, a picnic at El Campo, a picnic at Muir Woods, a boat ride up the Sacramento river, a hiking trip up Mt. Tamalpais, while several of the class preferred a luncheon under the trees at East Shore park.

NATIVES LEAVE FOR THE SOUTH

W. J. Lane and Ira Pierce, delegates of Richmond Parlor, N. S. G. W., to the annual convention of the order which is convening this year at Los Angeles, left this afternoon on the Steamer Harvard for the south. Others who will make the trip to the southern metropolis are Frank Patterson, R. W. Thrower, John L. Rihn, A. J. Summers, Dan Nozaglia, Robert Gruenhagen and Fred Weber.

MURPHY TAKEN TO THE UKIAH STATE HOSPITAL

MARTINEZ, April 18.—M. P. Murphy of Pinole who was examined for insanity Wednesday was on Friday taken to the Ukiah state hospital by Deputy Sheriff Howard Veale to be treated for the booze habit.

M'PHERSON HAS QUIT TRAVELING

Yesterday George McPherson, the well known Richmond realty dealer of San Francisco, sauntered into the Record-Herald office and stated that he had concluded he was getting too old for the strenuous game of traveling about the state inducing people to invest in Richmond realty and would devote his time in the future to looking after his interest in his office in the Monadnock building, San Francisco.

"Horn steaks and shadow coffee are getting the best of me," said Mac, "and I'm going to take it easy for a while. This thing of batting around the oil fields and other labor centers of the state in an endeavor to sell Richmond lots is getting on my nerves and I think I will from now on live the life of a bloated bond holder. I'm going to keep myself before the general public by the judicious use of printers' ink."

Mr. McPherson has many bargains to offer to the public in Richmond realty and is proud of the fact that he has been instrumental in making many investors rich. He sells the property on easy terms, and, as he is on the inside of many choice parcels of land that can be obtained cheap so that if anyone has a few hundred dollars that they wish to double in a short time they would do well to take the matter up with McPherson. His offices are at No. 798 Monadnock building, San Francisco.

BANK DIRECTORS WILL BE ELECTED MONDAY

The Bank of Richmond will hold its annual election of officers and directors on Monday. The past year has been an excellent one for the bank and its business has increased to such an extent that several new clerks had to be added to the force.

LADIES' GUILD TO HOLD MEETING

The Ladies' Guild of Trinity Episcopal church, of the west side, will hold a meeting at the residence of Mrs. P. C. Campbell, Washington Avenue, Tuesday afternoon. It is the desire of the officers of the church that all members of the guild be present as business of importance will be transacted.

CHAT AND DOPE ON BASE BALL

IS IT NOT SO HORATIO?

Tell me not in mournful numbers,
Baseball's but an empty dream,
For the fan is dead who snoozes
And the score's not what it seems.

Coming back to earth again we find ourselves confronted with two great perplexing problems, one of which is should we be absent minded intellectual people join the care free crowd which will commence at an early hour tomorrow to wend itself toward the vicinity of First street, where as the great and only Sells-Floto circus poster reads will show its marvelous collection of clowns and wild animals or should we, as loyal fanatic fans, grab a car and journey in company with the local team to the Grove street baseball grounds where they will tangle with the fast Keiyo University nine?

But after giving the question due thought in which we rack our brains for a decision that will be just to both sides a scintillating idea bursts in upon the peace and tranquility of the whole affair and says "The Game." Nuf sed. Any fan who has sat on a sunwarmed bleacher seat when Old Sol was pelting down sun shots at the rate of 110 and has wiped the dust from his eyes when some imbecilic runner has pulled off a phenomenal slide into the third cushion and then when he scored has flung his new cady to the winds, say how could that self-same fan find delight in watching a group of trained seals, or better, a framed-up Roman chariot race. No not he—the call of the diamond is too alluring.

LEAGUE MEETING

The directors of the Bay Counties League will hold their final meeting in the Oakland Tribune offices this evening prior to starting the eight teams of Contra Costa, Alameda and Solano counties in the race for the 1914 pennant. The meeting is being held for the purpose of selecting three official umpires who are to receive a stipulated salary of $3.00 a game and traveling expenses. Two men already named for positions are Bob Cleek and "Smiling" Jim Kane.

WELCOME FOR OAKS

The Oaks will be welcomed home next Thursday afternoon on their home grounds, Oakland Baseball park, with a celebration which will be in charge jointly of the Progress and Prosperity Committee of the Oakland Chamber of Commerce, the Rotary Club and the Merchants' Exchange. All of these organizations have appointed committees to make the affair a grand success. Following the auto parade through Oakland's business streets, Mayor Mott will be called upon to start proceedings at the park by tossing the first ball over the plate. The game will be between Oakland and San Francisco. Already the demand for grandstand reservations is quite large. Seats may be reserved by telephoning the baseball office, Piedmont 11, and they will be held up to the time of starting the contest at 3:15 p. m. The prospects are that the attendance will break all previous records.

Don't Sleep Well
No Good Reason
Just Can't Sleep

Some people can't sleep. There seems to be no special reason. They have no disease of the nervous system. Digestion is fairly good. Their habits are pretty good. They may smoke a little or drink a little, yet their habits are fair. Still they can't sleep well.

Just a little unbalanced in the nerve centers. That is all. They should have a little "righting up."

A tonic will generally do this. The right sort of a tonic. Peruna is exactly the tonic. Digestion is hurried by Peruna. The stomach is empty and ready to rest for the night. The circulation is equalized. The brain is relieved of all congestions and irritations.

The Peruna acts on every blood vessel in the system. It acts on all of the nerve centers. One begins to sleep and hardly knows why.

Take a teaspoonful to one tablespoonful of Peruna before each meal. Sometimes another tablespoonful at bedtime is necessary, where the sleeplessness is very pronounced.

Just try it, neighbor. You will be glad if you do. One bottle will convince you. Peruna is no sleep medicine. It is not a nervine. It contains no narcotics. It is nothing of that sort. It is simply a regulative tonic.

Every home should be provided with the last edition of the "Ills of Life," sent free by the Peruna Co., Columbus, Ohio.
